This summer, we begin a new sermon series, *Theology of Work*. As we consider what it means to live life as mission to redeem Birmingham for the glory of God and the good of the city, we are naturally faced with this question, "How do we live out that command practically in our places of work?" We will study what God's Word says about our work. Work is a gift from God, given before the Fall, and therefore is good. What does it mean to work? How does our work matter? Does God have a pattern for work? All of these questions are immensely practical for everyone, from the child to the retiree.
